## Bigfoot sightings in Centertown?

A life-sized Bigfoot statue keeps an eye on the roadway in front of Sluggo's Grill in Centertown, Ky. So when you are in the area looking for sasquatch you can stop by for one of Sluggo's signature Bigfoot burgers. (Photo by Dustin Bratcher)

**By Lee Bratcher**  
 Mainly Local Business Spotlight

Did you know that the Centertown area is a hotspot for Bigfoot sightings? Did you know that Centertown has a Bigfoot-themed restaurant that has created quite the buzz in Ohio County?

If you answered no to both questions, you need to educate yourself on Sluggo's Grill. Located at 510 Main St. in Centertown, Sluggo's Grill celebrates the Bigfoot legend by providing delicious food and a ton of special events for the whole family.

They provide a fun-loving atmosphere with a life-size Bigfoot statue out front and Bigfoot murals painted on the walls inside. The restaurant also has a map marking local Bigfoot sightings that have been investigated.

They offer great food, at great prices, that could feed a family of Bigfoots... BigFeet?... Bigfeets? You get the idea. Sluggo's has signature Bigfoot burgers, catfish, BBQ sandwiches and daily specials. Daily specials include Fish Friday, Elvis meatloaf, beans and cornbread, and much more.

They also host a sasquatchian amount of fun events. In fact, just this March, the restaurant has hosted a

Bible study, karaoke, a painting class, bingo and a group of Bigfoot investigators.

In April, the restaurant will hold Easter events including easter egg hunts with the Easter Bunny.

Sluggo's Grill is trying to help bring life back to the Centertown community and beyond. There's plenty of seating for customers and the restaurant is available for birthday parties, reunions and other events.

There's also a picnic shelter for those who want to enjoy the fresh air.

There are also plans to add a weekly outdoor flea market, a Bigfoot Frontier Festival, car shows, tractor shows, poker runs, and more Bigfoot memorabilia!

Sluggo's Grill is named after Sluggo Brown who has lived in Centertown most of his life and is known by many people in the community. He can often be seen drinking coffee at the grill with his friends talking about horses, farming and logging.

Bring the family to Sluggo's Grill, it's Bigfoot approved.

To discover more about Sluggo's Grill including upcoming events and daily specials, follow them on Facebook. If you have any questions, email Sluggo's at [sluggosgrill@gmail.com](mailto:sluggosgrill@gmail.com).

# Advance Equipment, Advanced Care

## Ohio County Healthcare adding advance imaging equipment

**Sponsored Feature Story**

Ohio County Healthcare has made a \$1.9 million investment in several key pieces of diagnostic imaging equipment to provide upgrades to current equipment and provide additional services to the community.

“The purchasing process of the equipment took a year, as there were several site visits across the country to look at the equipment being used in other facilities and to see it in practice,” Jerrod Davis, director of ancillary services, said.

Two ultrasound machines were purchased and installed in May. These machines have a new technology which shows enhanced detail for a more comprehensive scan. This increases the ability to detect the disease at an earlier stage. With the additional ultrasound machines, OCH is more efficient in scheduling and accommodating the patient. After several months of renovations, OCH also recently installed a new fluoroscopy unit, which delivers higher image quality and increased radiation safety features.

“The new MRI will provide faster scan times, larger patient weight capacity, and have a much larger bore size to create a more open feel to the scanning

experience,” OCH radiology manager Michelle Ball said of the new MRI machine. “This will help patients who struggle with claustrophobic-like feelings when being in an enclosed space.”

With the new MRI, OCH now has the capability to perform breast MRI biopsies.

Coming in the summer of 2023 is new X-ray equipment and CT scanner. OCH is upgrading from a 64-slice to a 160-slice CT scanner. This equipment provides faster scan times and allows for the addition of cardiac imaging.

Once the new surgical wing is completed in the spring of 2023, renovations to the vacated space will begin to accommodate the additional X-ray machine and new larger CT. This equipment will be located directly across from the emergency department which will increase accessibility to patients in need of emergency imaging. “The vision of Ohio County Healthcare is to provide outstanding care here. This includes making sure that the quality of our technology is matching our outstanding level of service,” CeCe Robinson, Community Relations Director, said.

New equipment includes -

- Canon Prime CT 160 slice
- Canon Oriana 1.5T MRI
- 2 new Canon US Aplio I900 Ultrasound machines
- GE Legacy Flat Panel DR Fluoroscopy

# What is OCEDA and what do they do?

The Ohio County Economic Development Alliance is the main economic development organization for Ohio County, Kentucky. OCEDA was created by the Ohio County Fiscal Court in February of 2014 and was created because there was a need for an organization to focus solely on economic development in Ohio County.

Since its creation, OCEDA has been dedicated to growing the county and actively working to create opportunities for businesses and residents. This also includes creating Mainly Local as a means to spotlight tourism, businesses, and events happening in Ohio County.

OCEDA is not just focused on attracting new business to Ohio County, it

helps to retain and expand existing businesses. OCEDA also helps the county to develop a competitive and productive workforce while encouraging entrepreneurship.

OCEDA’s staff and board of directors are always ready to help the local business community, along with industry site selectors, developers, investors and any business looking to put down roots in Ohio County. OCEDA provides assistance to businesses in a number of ways including, incentive programs, demographics information, site selection assistance, workforce assistance and general project support.

One key program offered by OCEDA is its Revolving Loan Fund which provides low-interest loans

to those looking to start a new business, expand a current business or provide assistance to a struggling business.

In addition to the revolving loan fund, OCEDA offers business counseling to current business owners or those looking to start their own businesses. These counseling sessions can take place in a number of ways, like meeting one-on-one, in groups, or by phone or video conferencing. The counseling could include coaching, mentoring, or providing information. OCEDA can connect entrepreneurs with the resources they need to start or maintain a business.

Economic development matters in today’s business climate. It can improve the wealth and well-being of a community

based on the goals and needs of the community.

For a community to thrive, there must be job opportunities, educational and training opportunities, and a diverse collection of businesses and industries. Economic development can help a community achieve all of those objectives, leading to growth and improvements in the quality of life.

OCEDA wants to help you achieve your dream of owning, retaining or expanding your business.

Contact OCEDA today to start a conversation about what it can do to help your business. Call 270-298-4496 or email [oceda@ohiocountyky.gov](mailto:oceda@ohiocountyky.gov). You can also visit the OCEDA website ([ohiocountyky.com](http://ohiocountyky.com)) or its Facebook page ([facebook.com/ohiocounty](https://www.facebook.com/ohiocounty)).

## Beaver Dam celebrating 150 years with year-long celebration

By Lee Bratcher  
 For Mainly Local

Did you know that 150 years ago the state of Kentucky formally incorporated the city of Beaver Dam? I'm sure most of you did and for those who didn't, the city of Beaver Dam plans on reminding with a year-long sesquicentennial celebration.

"We're planning several events throughout 2023, all honoring or celebrating the history of our community. Whether it be our music heritage, coal/timber/agriculture heritage, sports heritage, railroad heritage, or other special aspects of Beaver Dam, we plan to celebrate it all," said Beaver Dam Mayor Paul Sandefur.

A committee began working on the year-long celebration last year. In fact, the 2022 Beaver Dam Christmas Festival kicked off the festivities.

During the Christmas Festival, the city unveiled an amazing project celebrating its history called "Doors to Our Past." The project had local artists paint scenes of Beaver Dam's history on old wooden doors. The doors are displayed throughout the city and

include a plaque with details about the scene and the artist who painted it.

In January, the city announced it would hold a "Battle of the DAM Bands" at the Beaver Dam Amphitheater as another event of the sesquicentennial celebration. Eight finalists will "battle" it out May 13 at the amphitheater and win their share of \$16,000 in prizes.

Last month, the city recognized Bruce School's accomplishment of winning the 1935 Kentucky Black High School State Basketball Championship. The team and its championship were celebrated at the Ohio County High School during halftime of an Eagles' basketball game. A photo of the championship team was given to the school to display with past Ohio County champions.

The Beaver Dam Strawberry Festival will be a huge part of celebrating 150 years this Memorial Day weekend and will feature the Beaver Dam Cruise-In.

Also part of the sesquicentennial celebration is the Beaver Dam Amphitheater's Summer Concert Series. As usual, the Beaver Dam

Tourism Commission has already announced a strong lineup of acts, including Casting Crowns on May 6, Blackberry Smoke on May 27, Chris Young on Aug. 11 and the Beach Boys with the Owensboro Symphony on Aug. 12. The annual 80's Rock the Dam show July 29 will feature Winger, Firehouse, Jack Russell's Great White and Steelheart.

There is a good possibility that more incredible concerts will be announced in the future. For tickets and information on upcoming events, visit BeaverDamAmp.com.

Speaking of more exciting announcements, the city of Beaver Dam will be celebrating 150 years all year long, which means more events are coming. It's party time in Beaver Dam and everyone is invited to celebrate 150 years.

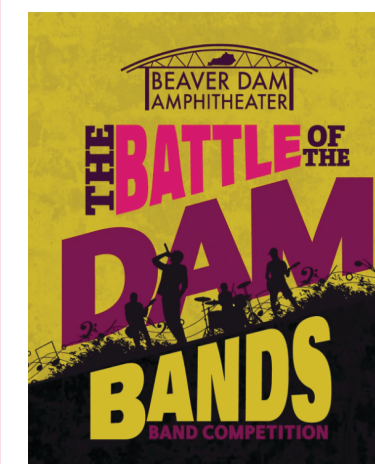

For more information about upcoming events in sesquicentennial celebration, visit facebook.com/BeaverDam150/
